#### Corima Rear 4-Spoke Racing Wheels (Tubular)

A versatile wheel that brings together all the qualities:

- Lightness
- Rigidity
- Aerodynamic design
- Low inertia during rotation

Comes in 700c tubular or clincher. Includes **Tire Coated** handrims and Panaracer racing tires.

#5776-M Retail: \$2000.00 Your Price: **\$1649.00 pr**

#### Corima 700c Rear Disc Wheels (Tubular)

A symbol of the new generation of wheels. Just as the rest of the Corima product line, the Corima engineers wanted to build the carbon composite version so that it would be the best available on the market, bringing together the best qualities: weight, rigidity, inertia in rotation. Includes **Tire Coated** handrims and Panaracer racing tires.

#5775-M Retail: \$2000.00 Your Price: **\$1649.00 pr**
